Boat Ramp Responsibilities and Rules

Lakeshore Forest Water System operates the road, dock, & boat ramp under a permit issued by U.S. Corps of Engineers. Ramp and dock use is subject to specified rules and regulations of the Corp of Engineers. Their rules are posted at the gate to the ramp road and are as follows:

1. All vehicles must park off site.
2. A forty five (45) minute limit to launch and trailer equipment.
3. Lock gate after launch and departure.
4. Dock is for loading and unloading only.
5. No swimming, fishing, picnicking or tree cutting is allowed.
6. No commercial activities allowed on site. Boat maintenance, repairs, cleaning, or other activities are prohibited.
7. Keep area clean.

Additional rules imposed by the Lakeshore Forest Water System:

1. Only LFWS shareholders may be issued a special key who wish to use the road, dock, & boat ramp.
2. Loss of this special key will require a \$50.00 replacement fee.
3. Key is nontransferable except when property is sold.
4. This key is designed so that it cannot be duplicated.
5. Key holders bear the responsibility of a yearly assessment to maintain the ramp and dock standards per the Corps of Engineers permit.
6. Key shall not be "loaned" to non-members or Short Term Renters.
7. Owners are responsible for tenant's compliance with above rules.

Violators of these rules are subject to loss of privileges.

For information on the boat ramp and key, please contact Scott Pelletier
