

21 October 2021

Dear LFWS Stockholder and neighbor,

The Lakeshore Forest Water System Board would like to thank you for your help in getting us through the peak demand season this summer. Your continued conservative use of our water source and your thinking about water use each time you utilize our system is a great help. So thank you. The LFWS Board has only five members on a system serving over 100 customers so your continued cooperation is an absolute necessity.

At our 1st quarter meeting this year the board elected Ray McCaskill our new President replacing the retiring Al Marks. Many of you may know Ray because he has been on the board before and has been your neighbor for decades. We think you will find his tenure will be a successful one.

We'd like to give a special thanks to Scott Hamilton who came to our aid recently to help fix a large leak on Barkers Bend Drive. The repair would have been much more difficult without the use of his backhoe. Incidentally, if you have a skill or special expertise you think the LFWS could use, please contact any member of the Board and let us know. We are always looking for ways to improve what we are doing! If you would like to serve on the board, attend a board meeting or be a board associate, please let us know that as well.

You remain our eyes and ears as regards problems with the distribution of our water. We have worked hard to upgrade your water system in recent years to enhance our ability to detect, locate and fix leaks. But where smaller leaks are concerned we need your ongoing help. If you see water pooling on the surface of the ground or appearing where it should not or normally would not be, give any Board member a call and we'll investigate.

Additionally we would appreciate your treating our contractors and our field operators with courtesy when they are working on repairs and enhancements to your system. They are members and stockholders just like you. And they are also your neighbors.

Sincerely,

Bob Boyd, for

The LFWS Board

Ray McCaskill, President, 770-632-3378

Mike Nosach, Vice President for Operations, 770-843-7227

Scott Pelletier, Manager of Field Operations, 404-990-1356

Tony Giacobe, Treasurer, 770-425-6735

Bob Boyd, Secretary, 770-503-0072
